Colloidal Silver

Questions and Answers

from Utopia Silver

WHAT IS IT? Colloidal Silver is a pure all-natural substance consisting of sub-microscopic clusters of silver, held in a suspension of pure ionized water by a tiny electric charge placed on each particle.

WHAT DOES IT DO? Colloidal Silver is a powerful, natural antibiotic. It is the most usable form of the most effective disease, germ, virus and fungal killers known. It has been found to be both a remedy and a prevention for colds, flu, all infections and all fermentation due to any bacteria, fungus or virus, especially staph, and strep, which are often found in disease conditions. It has been reported to rapidly subdue inflammation and promote faster healing. The body needs Colloidal Silver to fight disease causing organisms and to aid healing. Taken daily, Colloidal Silver provides a second immune system resulting in more energy, vitality, vigor, relaxation, faster healing and reduced bodily toxins. An artificial antibiotic kills, on average, 6 different disease organisms, but Colloidal Silver is known to kill over 650 diseases without any harmful side effects or toxicity.

SILVER IN OUR BODIES? We get silver and all minerals in our bodies through the food we eat. This comes directly from organic soil. This soil is rich in living organisms. These organisms break down the soil so plants are provided minerals in a form assimilable to the plant. Hence, we get silver naturally from the minerals present in organically grown plants. If we eat plants that have been grown on chemical fertilizers, as most plants are grown today; without living organisms in the soil to help provide nutrition to the plant, we do not get the quantity of vitamins and minerals which are available in organically grown foods. Thus deficiencies develop. As we age our ability to assimilate silver decreases. We develop a silver deficiency and an impaired immune system that can lead to cancer and other diseases. Dr. Robert Becker noticed a correlation between low silver levels and sickness. People who had low levels of silver were frequently sick, had innumerable colds, flu, fevers and other sicknesses. He believed a silver deficiency was the reason for the improper functioning of the immune system. He found that silver works on a wide range of bacteria without any side effects or damage to the cells of the body and can stimulate major growth of injured tissues.

WHY SILVER? Silver has benefited mankind's health for thousands of years. In ancient Greece and Rome, people used silver containers to keep liquids fresh. American settlers traveling across the West often put a silver dollar in the milk to delay its spoiling. Around the turn of the century, doctors prescribed silver nitrate for stomach ulcers and it has been common practice to put a few drops of a silver solution in the eyes of a newborn baby to kill bacteria that might cause blindness. A silver compound known as silver sulfadiazine has been used in 70 per cent of the burn centers in the U.S. It helps stop the herpes virus. Note: It is not the silver in dental fillings that is harmful but the mercury which is a deadly poison.

WHAT IS THE HISTORY OF COLLOIDAL SILVER? It was widely used 60 to 70 years ago when, among other reasons, the cost became prohibitive - about \$100 per ounce in 1930 dollars. The quicker, more specific and fast acting manmade antibiotics became prevalent in the 1940s. High quality Colloidal Silver can now be produced at a low cost.

WHAT ARE THE KEY CHARACTERISTICS? Colloidal Silver is non-toxic, non-addictive and has no side effects. The body develops no tolerance and one cannot overdose. Colloidal Silver cannot cause harm to the liver, kidneys or any other organs in the body. It is safe for pregnant and nursing women and even aids the developing fetus in growth and health, as well as easing the mother's delivery and recovery. Colloidal Silver is odorless, tasteless, non-stinging, harmless to eyes, contains no free-radicals, is harmless to human enzymes and has no reaction with other medications. It improves digestion, aids in the regeneration of damaged cells and tissues, helps prevent colds, flu and organism caused diseases.

HAS IT BEEN MEDICALLY TESTED? YES! Colloidal Silver has been successfully tested at the UCLA Medical Labs where it killed every virus on which it was tested.

WHAT DOES THE FDA SAY? According to the FDA, Colloidal Silver may continue to be marketed and used as it was originally intended. Colloidal Silver exceeds FDA recognized standards (Sep. 13, 1991 letter written by Consumer Safety Officer, Harold Davies, U.S. Food and Drug Admin.) FDA has no jurisdiction regarding a pure, mineral element.

WHAT ABOUT COLLOIDAL SILVER FOR AIDS? Since in active aids, the suppressed immune system of the body is open to all kinds of disease, Colloidal Silver is the perfect non-toxic medicine to use for its wide spectrum antibiotic effect. A researcher at Brigham Young University sent Colloidal Silver to two different labs including UCLA Medical Center, and reported "It not only killed the HIV virus but every virus that was tested in the labs". According to FDA rules, Colloidal Silver cannot be used for treating the HIV virus, but it could be used as an antibiotic for all acquired diseases of active AIDS.

WHAT OTHER USES ARE THERE FOR COLLOIDAL SILVER? Tests prove, due to the high absorption of silver in the small intestine, the friendly bacteria in the large intestine are not affected. All bacterial, viral and fungal organisms are killed within 6 minutes of contact. Higher silver content in the body causes faster and more frequent contact with these organisms. No disease causing organism can live in the presence of simple silver. The following is a partial list of the more than 650 diseases that Colloidal Silver has been successfully used against.

Acne	Arthritis	Athlete's Foot	Toxemia	Blood Poisoning
Burns	Cancer	Parvovirus	Conjunctivitis	Dermatitis
Diabetes	Dysentery	Excema	Fibrositis	Gastritis
Gonorrhea	Impetigo	Keratitis	Leprosy	Lupus
Pymphagitis	Malaria	Meningitis	Neurasthenia	Pluerisy
Pheomonia	Prostate	Psoriasis	Pruritis Ani	Ophthalmia
Ringworm	Rheumatism	Arhiritis	Rosacea	Scarlet Fever
Seborrhea	Septicemia	Shingles	Skin Cancer	Staph Infection
Herpes Virus	Ulcers	Strep	Syphilis	Tonsillitis
Trenchfoot	Tuberculosis	Virus Warts	Whooping Cough	Yeast Infections

IMPORTANT NOTICE: No claims are made as to specific benefits resulting from the use of Colloidal Silver.
